Dear Mr. Munson;

Brush Resources would like to extend an invitation for an annual site inspection of the company's mining properties. The purpose of the inspection is to keep up our communications on matters such as reclamation status and test plot results as well as short- and long-range reclamation planning objectives.

Please let us know when it would be possible to schedule the inspection. I can be reached by telephone at (435) 864-5556 ext. 105 during regular weekday business hours. You can also reach the mine site by fax at (435) 864-5556. We look forward to your visit.

Sincerely,

John Wagner
Mine Supervisor
